February in

Florida is looking like the perfect weather for getting out the old glass tools and putting them to good use again. It's been great seeing some familiar faces from years past coming in to get back into glass-work again. We are scheduling new shorter one and two day classes so there is still time to get out and enjoy all this area has to offer. Come in to see what's new in the shop. We now carry Vintaj Big Kick for embossing copper and brass charms. We have been having a blast with this and seeing what other uses we can come up with.

I'm seeing more inclusion in the future for fused pendants and plates. Jack Chain is back, just arrived today. Black and Nickel

Come in and check out our Garage Sale items. If you have been in the shop lately you may have met our greeting committee, Jett. He is a very friendly Italian Greyhound. He is more interested in saying hello to you than running out the front door so just come on in.

We love feedback so please let us know what we can do for you. Stop in and just say hello.
